COMPLY365 ADDS NATHAN FAST TO ENGINEERING TEAM

Fast joins growing company to enhance and create software

Roscoe, IL –October 7, 2011 - Comply365 is pleased to announce Nathan Fast has joined the company as a Software Engineer.

Nathan has worked with Comply365 as an intern and consultant over the past two years, during which time he made many key contributions to the development of the Comply365 software suite. In his new role, he will play an instrumental part in the ongoing enhancement and development of the Comply365 software suite. Nathan received Bachelor of Science degrees in Computer Software Engineering and Mathematics from Indiana Wesleyan University, Marion, IN. He began his career as an IT Security Analyst at McDonald's Corporation.

"Nathan is a strong developer with a natural ability to simplify the user experience," said Dude Frank, Chief Technology Officer. "Nathan has already played a significant role in bringing new functionality to our existing suite, particularly on the LMS and mobile applications." added Frank.

Nathan brings added talent and experience to our software development team. Comply365 is continually adding features and functionality to its suite of products. Plus, the company plans to launch new products in 2012. Nathan is already an integral part of the team and growth.

About Comply365

Comply 365 is innovative software company that helps clients reduce costs and improve efficiencies with easy-to-use applications that streamline documentation, training and compliance. With next-in-class reporting features, integration tools and innovative mobile applications, clients can make faster, smarter decisions on the go. Founded in 2007, Comply365 is quickly growing its customer base with hosted software solutions and best-in-class professional services.
